Disaster Case Management Positions Available

Written by HOPE worldwide — Wednesday, 22 May 2013

We have all watched through the night and continue to learn more about the devastating tornado in Moore, Oklahoma. We continue to pray for those affected by this terrible tragedy. The HOPE *worldwide* disaster team will be in Oklahoma tomorrow to assess the situation and to assist the Oklahoma City HOPE Chapter/Oklahoma City Church of Christ to determine how best to serve those in need in the coming days, weeks and months.

Many around the world are asking the question... How can I help?

HOPE *worldwide* is developing a team of Disaster Case Managers to support large-scale disasters like the Moore tornado and Hurricane Sandy.

If you have a B.S. or M.S. in social work, counseling, psychology or a related discipline, please send your resume to Nicole.Nobles@hopeww.org. This is a paid position in times of disaster. Our team in New Jersey served over 11,000 survivors.

There are also support positions available that do not require specialized degrees. For more information please view the IDCM FAQ.

More details about other ways you can help will be coming in the near future.

For more information contact Dave Tomlinson, National Coordinator of Disaster Services at: Dave.tomlinson@hopeww.org

www.DisciplesToday.org hosts thousands of pages of news, articles and images to help connect disciples and churches around the world. All information and content is freely available for everyone.

A large, violent tornado has carved a long, destructive path on the south side of Oklahoma City. Doppler radar estimates suggested that the twister had the potential to produce winds of at up to 200mph, the equivalent of an EF-4

on the Enhanced Fujita Scale. The tornado caused extensive damage in Moore, Oklahoma which is just south of Oklahoma City. Officials have revised the number of fatalities downward to 24 including at least 7 children who were killed when they tried to take shelter in the hallway of their school. The death toll is expected to rise as search and rescue efforts continue through the night. I have been in contact with Rachel Rogers, the HOPE *worldwide* Chapter Director in Oklahoma City. Rachel confirmed that no members of the HOPE *worldwide* chapter/ Oklahoma City International Church of Christ congregation family were injured in the storm. The entire HOPE *worldwide* family is grateful that our friends are safe while we join our country in mourning for those who were killed and praying for the injured and the families of all involved.

The Oklahoma HOPE *worldwide* chapter is in close contact with the American Red Cross and will be providing volunteers to serve in the
